

## FOREST HILL.

A Thimble-eal from the 7th Side.  
Mr. J. T. Foster, of Elm, visited here last week. The latest arrival, a little daughter, was the topic of Mr. and Mrs. Adolph's conversation. Mrs. Adolph's sister, who has been with her for a while, returned to her home in Alma last Tuesday. Wm. McCarthy, of St. Louis, was the guest of Bert Hoffman, Monday and Tuesday. School began last Monday. Mr. Fookes sent some nice Brown Leghorn fowls by express to his son at Copemish the first of the week. Norman Ring, of Alma, visited here over Sunday. ETC.

## S. W. NEWARK.

Spring Work Begins—New Society Organized.  
Some farmers are ready to sow oats, while others are getting ready. Chasney Sheller had the misfortune to saw one of his hands quite bad while sawing wood for Mr. Jackson one day last week. The Ladies' Aid Society was reorganized on Wednesday of last week, with the following officers: President, Mrs. Geo. Crooks; Secretary, Mrs. Geo. Allen; Treasurer, Margaret Richard. The next meeting will be held at Mrs. Geo. Crooks, the 18th of April. Mrs. John Wright spent a few days with her parents in North Shade, last week. Those long fingered goss who stole Oliver Dodson's and Elmer's Pruden saw ax and hammer, had better return them and save exposure, for they are known; also the person or persons that stole H. B. Clark's whip, curry-comb and brush. School commenced on Monday last. The Ladies' Aid Society intends building the church sheds some time in the near future. Sunday school was organized on the 1st. John Richard Sr. and wife are visiting their daughter Lydia, of Grand Rapids, this week. Morris Wisman is going to visit at Maple Rapids this summer. Eugene Crooks stays high now-a-days. It's a shame. But Wright is at work near Harrison this summer. Election didn't go just right in our town—that is, to suit our side. R. E. C.

## ELWELL.

House Burned—Big Shipment of Eggs—Sugar Social Mission Sugar.  
Last Tuesday Wallace Hamp's house caught fire from a defective stove, the house and contents were burned up, with the exception of a few. Loss \$1,000 with no insurance. Last week Wallace Hamp's team ran away breaking his wagon and braining Wallace up in a bad shape. The people are responding amazingly well in giving to Wallace Hamp, who lost his house and household goods by fire last Wednesday. Last Wednesday evening while John Belding and Fred McMillen were riding along, the alarm of fire was given, and in a hurry both were called and landed in a ditch. However, they were fortunate, they did not get hurt much. One day last week there were 84 dozen eggs shipped out of Elwell, said to go to Ithaca Mich. Quite a joke was made to a young people last week attending a sugar social. The social was there, but the tally did not come. C. Roberts was made quite happy last week one day with a check calling for \$257.50. Due him from Uncle Sam. All right Uncle Sam, punch some more ribs out with checks. The grave yard man, the lawyer and the mayor are all doing well here in Elwell. Last Monday H. Humphrey moved in the Isaac Hilfinger house south of Elwell. The Macabee social was a grand success last week. Box

## NORTH HAMILTON.

Plotting Interfered with New Sunday School Organized—Bar on School Began.  
Garden making is not in order at present, and those farmers who are plowing for oats have frozen ground to turn over. We hope the fruit crop may not be injured to any great extent by the sudden cold turn of weather. On Sunday, April 8th, a Sunday school was organized in the school house of district No. 4, fractional, Hamilton and Lafayette, and is to be known as the Union Sunday School. A large company of scholars and teachers and officers were present. New officers were elected and teachers were appointed and classes divided, also provision made for new supplies of lesson leaves and journals to carry on the good work. We hope for a full house of scholars every Sunday. School commenced in the Barton district April 9, with Miss Anna Derry as teacher. Willis Derry has rented the Briggs farm, and has moved on the same. John Howell is making preparations to build a new house on his farm, and will again try his hand at farming. Mr. Senebough, a merchant formerly of Durand, but later of Wheeler, has moved his family into their new house on the farm lately purchased of Mr. Haskins. We understand the son will work the farm and Mr. Senebough, Sr., will continue the business in his store. Mr. McRoberts and family have moved into the Bird Sherman house, they having bought the Sherman farm.

## SOUTH NEW HAVEN.

Gun Bursted, Sequel, Fingers Gone—Personal and Other Notes.  
One day last week Jessie Miller took his shot gun and went up to Mark Morris' place to shoot some birds. As he stood behind a gate post about fifteen rods south of Mr. M's residence he took aim and tried to kill a bird, when, lo! to his surprise the gun bursted in about twenty pieces, tearing the ends off of two fingers on his left hand and sprinkling his face pretty badly with powder. Mr. M. heard the report of the gun and heard him hollering, and went to his rescue. He was taken to the house, he was dressed, and his father, who resided about eighty rods distant, was sent for, when the boy was taken home and the doctor summoned. The cause of the explosion is not known, but it is thought that he put a load in the gun the evening previous, and then before he started out in the morning he put in another load. The gun was perfectly sound in every respect. The family have the sympathy of the community. The ladies of the Wiles district and the near vicinity have organized a Ladies' Aid Society called the Ladies' Union Aid Society of New Haven, with Mrs. G. W. Hedding as president, Mrs. Mary Wiles as president, Mrs. Rachel Beckert as secretary,

M. S. Young as treasurer. Their first meeting was held at the residence of Dr. L. L. Giles last Thursday. Twenty-one were present. All the ladies are cordially invited to be present at these meetings. Look out for a warm sugar social in the near future. It seems that we can now hear faintly the sound of wedding bells, and we wonder if it is all imagination. We understand that Orono Knapp will soon begin work in the blacksmith shop at Sethton with a good workman at the helm. Give him a call. There were two tickets in the field at the spring election, people's and republican. All on the republican ticket were elected except the supervisor and clerk. RAZEKAN.

## ITHACA.

Brief Notes from the Hub  
Court was in session Thursday of last week. Several of our attorneys were in lauding this week attending the supreme court. Mrs. Lon. Moyer, mother of Mrs. James Howd and Elmer Moyer of this place, died Sunday morning from cancer. The deceased was quite aged. Duck hunters are watching the "big marsh" closely now-a-days. Water fowl of various kinds are abundant. The question of good roads is being agitated to some extent, and may result in the town's taking a hand at improving the roads leading into town.

## CLARENCE.

Business Booming—Varied Comments—Personal.  
[Intended for last week.]  
Everything is booming at our burg. Business is lively and every man is at work; but we cannot use the many that pass here looking for work. We had a wreck here the past week not of the railway but by the railway. An extra train went on the siding and kicked one of our loaded cars down the hill, through our drawbridge knocking it into kindling and knocking down a section of the tramway, stairway etc. Rufus Utley "went down" with his case of inflammatory rheumatism and a few of the boys felt the effect of the spring weather. Thos. McIntyre, of Knowles Siding, is sick with erysipelas and is attended by Dr. Kelly, of Farwell. "It do best all" Mr. Editor, how we do kick when some one jokes us, "don't it." Now our "Telegraph Operator" Mr. Thiesell, of Breckenridge, and "Our Irving" of Sumner, don't care how much you say about them in your paper, they are well known all over that country as good citizens, and all the jokes irresponsible newspaper contributors might write about them wouldn't harm them or even make them mad. The more, the merrier, they say, and they are going to keep right on going to Temple, Greenwood or any where else they please, and you may print it all. Well now that's just right, and we'll give them their just deserts. What live we for? By the by, our operator boarded a passing freight train one day last week and went to Temple. J. B. Wood has decided to return home again. Rufus Utley has returned here again without his crutch. It's impossible to try to keep track of the arrivals and departures in this city, but you must not forget that "Hart" Baker has gone down for a week's vacation, and another carpenter, Wm. Orcutt, has arrived. Oh, yes! Geo. Hulse, formerly our blacksmith, has gone back to his farm and "Dutch Louis," of Clare, now swings the hammer. Geo. W. McIntyre, from Knowles Siding, has moved in where Mr. Hulse lived. XXXXX

## PERRINTON.

Business Change—The Spouse Left—The Rumble is Still Heard.  
Stroop & Carner are decorating the interior of their store with a new coat of paint which adds very much to its appearance. Mrs. Carner intends placing a millinery stock in one part of the store, having recently purchased the stock of Miss Pettibone. H. J. Feek has purchased the Exchange hotel, at Carson City and intends moving to that place the coming week. Sorry to lose Howard and family, for they are good citizens and we can ill afford to lose them. Certain others can be spared without regret. The grist mill is doing splendid work under the management of Mr. Watson. He is building up a good trade. Mrs. Pansey, who has been under the doctors care for several weeks, is improving slowly. D. M. Brown sports a dandy harness, purchased of Scott Vannatt, for Billy H., his fine horse. Scott can put them up equal to the best of them. A certain spouse pounced down upon her hubby while he was in earnest conversation with what might properly be called a "Soiled Dove," took him captive, led him home, administered to him a just rebuke, whereupon his offended dignity immediately left for parts unknown. Place your source to the ground and hear the rumbling. Go west! but we "cotched 'em bad" on the 24 inst. "Kinder looks like as if" protection to American interests must be maintained; at least the spring election indicate this. I guess by the time Grover's term expires, grumblers will have their genteel sufficiency; more would be flip flops. LIT.

## ELM HALL.

A Small Grist of Personal Notes.  
Word was received Monday night of the death of Mrs. Dr. J. J. Sandall, mother of Mrs. Thomas Croton. Mrs. Sandall formerly lived in this place and her many friends will be pained at the news. Warren Hanes and wife of Crystal Lake were in town Sunday. Mrs. D. McIntosh and Miss Mae Quibby of Saginaw spent last week with friends in town. Epithets, interjections and bad tobacco always on hand—signs of the hotel keeper, Mat. Sayles. There was a base ball meeting held at Dr. Shaffer's Sunday a. m. As the meeting was private, we cannot find out the order of business. WALDO.

## RIVERDALE.

After the Battle—A Critic's Comments.  
Mr. Geo. Shaw was in town Monday. Ed. and Chas., who were reported as walking arm in arm, after a fierce battle, last week, are not quite as friendly as reported. Each keeps his side of the street to avoid a collision. Miles Lathrop has added a new showcase to his shop. He would have a fine place were it not for the loafers. "Our boy" barber at the Commercial house

seems to have plenty of time to kill. He stands around the corners instead of the barber chair. There is some talk of putting a dummy in the chair for him to practice on. The creamery people are playing in hard luck. So is their old butter maker. He continues to whistle for his pay. Gentlemen, what will you do? Some of the "Hall" boys were enjoying a game in the Pine, just north of town, last Monday. One fellow, being overcome by the heat, was brought to town to cool off. It is reported that there will be a "new" saloon in town. The boys will then be able to get a "swig" by going in the front door. DARTMOUTH.

## BRECKENRIDGE.

Monument Association—Officers Elected.  
A meeting of the citizens of Breckenridge and vicinity was held in the G. A. R. hall Saturday, April 7th, to organize a monument association. Meeting called to order by H. E. Histed. Jerome Halbert was elected chairman of said meeting and Rev. James E. Foot secretary pro tem. The object of said association is to purchase and erect a monument in our cemetery in memory and honor of the soldiers now buried there and which may be for all time to come. It was a very enthusiastic meeting and all present freely responded in favor of the same. I see no reason why, if we are united and all pull together in this work, the year is passed it may not be accomplished. The following officers were elected: Pres., H. E. Histed; 1st V. Pres., John Parish; 2nd V. Pres., Joseph Cross; Sec., Jerome Halbert; Treas., Bradley Sellick; Cor. Sec., E. H. Histed; Executive Com., W. H. Weed, W. O. Watson, Lemuel Waggoner. E. H. Histed, Cor. Sec.

## WHEELER.

Personalities from the Northeast Corner.  
Laura Murphy and Miss Avery spent Saturday in Merrill. Con. Carroll has moved into his own house, while Mr. Weeks has moved into the vacant one or the Pomeroy property, which they have purchased. Wilbur Sibley's infant child died Thursday of membranous croup, and was buried at the Wheeler cemetery. The sparring match which was to be at the town hall, Saturday night, proved a fake, one of leading persons refusing to take part. Miss Avery spent Tuesday in Alma and St. Louis. A. P. Poland is on the road to recovery, but far from well. Dr. Clark, a young graduate of Detroit medical college, has located in this town. We wish him success. Mrs. T. Murphy is on the sick list. Mr. and Mrs. Mahoney spent Sunday at Merrill. Mrs. Johnstone recently made a business trip to Saginaw.

## NEW HAVEN.

A Thing of the Past—Sickness—Improvements—S. S. Convention—Etc.  
People think sugar making is about over, and some have gathered their buckets in. More shifting sands this week. Wm. Crozier has traded his farm on section 11 with Wm. Elliott of Arcadia. Mr. Elliott is moving on the same. June Davis is talking of renting Mr. Crozier's farm in Arcadia. Mrs. James Wells is very sick. Willie Everest and Roy Hard paid a visit to Mrs. James Mikesell of Pompet on Saturday. C. E. Morse arrived home on Saturday after an absence of four weeks at Lansing. The Sunday school convention held at the Culey school house was made interesting by the presence and aid of Mr. Reynolds of Owosso, Rev. Collins of Middleton, R. J. Bartlett of Vestaburg, Rev. Aleop of Carson City, Mr. Barnett of Fulton, Mr. Haring and Mr. Walker of North Shade, and M. H. Waterbury of Ithaca. Some of the people thinking the school house would be too small to contain the people on Sunday, they adjourned to the church at Sethton, had a tall house and good attention. The young people were much interested in the Normal work introduced by M. H. Reynolds. The choir enlivened the meeting by several fine pieces of music. They met at the church Sunday evening for the purpose of organizing a Normal class. Allen Helman ran a nail in his foot last week which was painful. Geo. Duarr has made quite an improvement on his farm, by a new board fence along the front. W. H. Batsford is improving his farm in the same manner.

For Sale—Thoroughbred Brown Leghorn eggs 50 cents a setting. Sent at shippers expense. Fowls Prize Winners, single combs, best in the world. W. E. VANCE, Ithaca. 815-413  
Public examinations of teachers will be held as follows: Perrinton, Friday and Saturday, March 9th and 10th, '94. Ithaca, Thursday and Friday, March 29th and 30th, '94. Alma, Friday and Saturday, April 27th and 28th, '94. The grades granted at all examinations, but first and second grades only at the Ithaca examinations. Examinations for first and second grades will be given at nine o'clock p. m., and for third grader at one o'clock p. m., the first day. We would suggest that teachers residing in the central and western part of the county wait and attend the Ithaca or Alma examinations. W. M. COOK, J. N. McCALL, O. G. TUTTLE, Board of Examiners.

FARM FOR SALE.—80 acres of choice land in Clinton county, Mich., well watered by never failing stream; all improved and fitted for any and all kinds of machinery, except 34 acres of scattering timber. Fair house, good frame barn and outbuildings, 25 rods of fine evergreen hedge, good orchard and fruit of all kinds. Within sixty rods of good brick school house. Located in Essex, Clinton county, Mich., 5 miles from St. Johns, 5 miles from Maple Rapids, 6 miles from Fowler. Price \$25,000, half down, balance on time at 6 per cent. interest. For particulars enquire of A. E. Chase, Journal office, Ithaca, Mich.

As baldness makes one look prematurely old, so a full head of hair gives to mature life the appearance of youth. To secure this and prevent the former, Ayer's Hair Vigor is confidently recommended. Both ladies and gentlemen prefer it to any other dressing.

The latest results of pharmaceutical science and the best modern appliances are availed of in compounding Ayer's Sarsaparilla. Hence, though half-a-century in existence as a medicine, it is fully abreast of the age in all that goes to make it the standard blood-purifier. A person is prematurely old when baldness occurs before the forty-fifth year. Use Hall's Hair Renewer to keep the scalp healthy and prevent baldness.

## THE STATE.

A Portland man ate 20 eggs in 15 minutes.  
Bay City banks have decided to observe the Saturday half holiday.  
The Salvation army in Traverse City recently gained 25 recruits in a single day.  
A Prohibition club has been organized at Maple Rapids with 25 charter members.  
The chemical works at Mancelona have been enlarged by the addition of another boiler to the battery.

C. A. Isham, of North Shade, has 24 ewes which gave birth to 44 lambs. Of these 36 lambs are now living.  
John Ewert, a Saginaw hardware man, Friday fell 30 feet down an elevator shaft. He is seriously injured.

Burglars broke into Stevens & Sly's meatmarket at Plymouth, blew open the safe, but found no money therein. No clew.

Typhoid fever has appeared in the Jackson prison again. There are several cases, supposed to be due to bad sewerage.

Grand Rapids carpenters have organized a council. Of the 1,300 carpenters in the city, only 100 at present are union men.

William Parker, an old Lapeer pioneer who has just died, had four generations of descendants living at the time of his death.

Captain Shean, of West Bay City, who had his skull fractured in a saloon row Monday night, regained consciousness Wednesday.

Local option petitions are being circulated in Charlevoix county with the intention of securing a vote on the question in June.

Silas Doan, postmaster at South Branch, Ogemaw county, is under arrest on the charge of embezzling \$305 from money order funds.

The adventists are preparing for a great convention of all the teachers in the country belonging to the sect, to be held in Battle Creek in June.

Alleged illegal fishermen arrested at Muskegon, will fight their cases through to the supreme court. They say the game laws are full of holes.

Bids for building the new home for the feeble-minded and epileptic at Lapeer have been advertised for and will be opened in Detroit April 17.

The First National bank of Hancock has just had its charter renewed. During the past twenty years it has paid dividends to the amount of \$340,000.

The Cassopolis light and power company has been granted a 20-years franchise for street and commercial lighting by the Cassopolis village council.

The Rev. C. C. White, of Saginaw, emphatically denies that he intends to forsake the pulpit for the stage. He says he knows that he is not an actor.

A 5-year-old daughter of M. L. Fenslermacher, of Brau township, Kalamazoo county, fell from a haystack 14 feet high and was unconscious for 36 hours.

Bloomington fruit growers say the recent cold weather was a good thing for the peaches—killed just enough of the buds to do the work of thinning the fruit.

John H. Loomis, of Jackson, a railroad man well known throughout the state, died Sunday morning as the result of amputation of a leg a short time ago.

The Saginaw harbor is in bad shape. The steamer J. C. Snit, which wintered there, has been trying to get out for a week or more but has not succeeded.

The roller skate fever has struck Charlevoix, rather late in the season but they have it good and hard, and since the ice disappeared have fixed up their old rink.

Cedar Springs, Mancelona and several other Northern Michigan towns want the townships in which they are located divided into two or more election precincts.

The Saginaw police have notified all saloons and disreputable houses selling liquor to be ready with \$500 license money May 1. Many of the smaller places will close up.

The Michigan Press Association is making arrangements for a trip down the St. Lawrence and through the White Mountains, in connection with the annual meeting in June.

Defeated candidates at Lapeer threatened to contest the election on the ground that voters who asked for assistance in preparing their ballots were not required to swear to their ignorance.

Marlette is bound to be up with the times. Arrangements have been made wherein it is to have an electric lighting system and it is expected that it will be in running order within six weeks.

Simon Pokagon, the chief of the Pottawatomie Indians, is now 64 years of age and enjoys the very best of health. His father is Peter Pokagon, who is believed to be the oldest man in the state. He is 110.

Cass Baker, a Lenawee county farmer, offered a reward of \$100 for information that would identify the man who started the story that he had adulterated his maple sugar with the cheap brown muscovado article.

Henry Maxam, of Schoolcraft recently beat his horse so shamefully that the animal dropped down dead before it reached its destination. On Saturday a Kalamazoo justice fined him \$5 or seven days in prison. He went up.

Mr. Schoenberg, the young man who was so mysteriously robbed and shot near South Haven a week or so ago, is reported as getting along very nicely and the prospects are that he will eventually recover. There is a standing reward of \$50 for the capture of his assailants.

The raising of peppermint has made valuable hundreds of acres of land in the vicinity of Niles. It was a regular marsh, but by putting in a peculiar kind of shoe made especially for the purpose a horse has no more difficulty in walking over the marshy soil than on ordinary ground.

For five weeks a sheep belonging to Patrick Eardley, in Cascade, was buried under a strawstack before it was discovered. There were some signs of life even then, and after some restoratives had been applied it commenced to revive, and the indications now are that the animal will recover from its long fast.

William Tillman, a young lad who had been exposed to smallpox at Kalamazoo, was setting in the United States courtroom at Grand Rapids the other day, when he was discovered by the health officer, whose movement excited suspicion, and when it became known that Tillman might be infected with the dread disease the crowd all rushed off to get vaccinated.

At Fenton the other day John Angus was driving into a millyard with a large log. He drove upon an inclined plane in such a way that the front end of the wagon tipped over, catching him between the logs and breaking his leg between the ankle and the knee. The limb was set and Mr. Angus is as comfortable as could be expected, considering the nature of his injuries.

## Michigan Crop Report.

March was remarkable for high temperature and moderate amount of precipitation. Reports are not yet at hand from all stations in the State, but at the State Board of Health station at Lansing, the records show it to have been the warmest March in sixteen years. The mean temperature of the month was 49.48 degrees, or 9 degrees above the normal. The mean temperature of the first twenty-four days was about 44.65 degrees, or 13 degrees above the normal. The highest temperature recorded was 74 degrees on the 18th. A cold wave passed over the State on the 25th, and the weather from that date to the end of the month was severely cold. The mean temperature of the last week of the month was below 28 degrees. On the 25th the temperature dropped to 10 degrees. This was the lowest point touched during the month.

Since April 1 the temperature has gone below the freezing point on all except two days. On the 1st it dropped to 21 degrees, on the 2d to 22d, and on the nights of the 7th and 8th to 25th. This morning, April 9th, there is a strong, cold wind from the east.

The average precipitation in March was 1.26 inches. Three inches of snow fell on the 28th.

As usual wheat on the summit and west side of hills, and on clay and undrained lands, has been somewhat injured, but as a whole the crop has wintered well. The averages of the estimates of correspondents are for the southern counties, 89 per cent; central counties, 91 per cent; northern counties, 94 per cent; and State, 90 per cent, comparison being with average years. Correspondents in their remarks report the crop in good condition, much better condition than usual at the end of an "open" March. In 1893 the average condition April 1st, in the southern counties was 81, central 91, State 84; in 1892, southern counties 90, central 89, State 90; in 1891, southern 97, central 92, and State 96. The average condition this year, in the southern counties is eight points better, and in the State six points better than on April 1st, 1893.

The total number of bushels of wheat reported marketed by farmers in March is 1,138,557, and in the eight months, August—March, 11,423,596, which is 106,674 bushels less than reported marketed in the same months last year. At 27 elevators and mills from which reports have been received, there was no wheat marketed during the month.

The average condition of clover meadows and pastures is as follows: Southern counties 79 per cent, central 87, northern 95 and State 82 per cent. Farm animals are in good condition.

During the warm weather that prevailed previous to the 25th of March fruit buds developed to some considerable extent, and grave fears were felt that the cold wave of that date would work great harm if not ruin to the crop. A large number of letters, which will be published in full in the final report, have been received from fruit specialists since April 1st, but at the time they were written the growers themselves were not entirely satisfied as to the amount of damage. The Grand River Valley Horticultural Society, March 27, believed no harm had been done, but one of its members a few days later found pears and peaches badly injured, Ionia growers think their crop injured but a trifle. A St. Joseph correspondent thinks peaches all killed. At South Haven a fair crop of all kinds of fruit is expected. In Washtenaw peach buds had "started to bloom," in some cases showing color. All such on low ground are killed, while those on higher ground are not injured. Apple and other fruits on high lands have escaped. A fair conclusion from these letters is that the early and tender varieties of fruit, especially peaches and pears, have been injured, but the later and harder kinds are yet safe. This is particularly true of apples. There is no reason why a full crop of this fruit should not be expected.

WASHINGTON GARDNER, Secretary of State.

TIME TABLE  
In effect March 25th, 1894.
